Function introduction

Search

You can get the desired information from various search conditions based on both job vacancies and internship information.

Quick search
Popularity conditions
Conditional search
Active recruitment
Jobs
Companies with employees' actual experiences etc.

The point is that you can narrow down the search conditions that match your wishes such as industry, work location, and popularity conditions.

Quick Search

A wide range of information is posted, such as job vacancies from private schools and medical institutions.

You can quickly search for educational jobs by selecting "Educational Institution" on the job vacancies search screen.

If you select "Medical / Welfare Facility" on the job vacancies search screen, you can quickly search for medical jobs.

Reservation function

You can also book employment consultation reservations and guidance reservations from Hirodai CariCom. (URL) <https://uc-student.jp/hirosaki-u/>
In case of cancellation or rescheduling, please contact the Career Center by phone.

If you click the banner of Career Counseling Reservation or Guidance Reservation, information on the consultation table and guidance that is available will be displayed.

Click the arrow to see the details and make a reservation or apply.

If you have any questions, please contact the Career Center.
