Job-Hunting Guidance

Think about working in Japan for International Students

Japan's job search is unique. In this article, we will talk about past examples of international students who have found employment in Japan, what kind of process is required to get a job, and how to start. Why don't you experience the unique culture of Japanese employment?

28th June, Wednesday 4:00pm-5:00pm

International students who want to know about working in Japan
